EPISODE ONE

SALIS. Kai amma fa wannan lamari sam ba dadi ganin yadda canjin yanayi ke yiwa harkar noma illa a nan.

Gaba daya baka iya has ashen me ka iya faruwa ba a irin wannan yanayin, kuma hakan na iya kawo illa ga yabanya ko amfanin gona

RABI. Hmm wannan lamari ai sai dai addu'a kawai wannan Magana fa haka take

Cikn yan shekarun nan fa ana fadi – tashi ne kawai a harkar noma, ruwan

Sama fa yayi karanci a wurare da dama, sannan idan ruwan ya samu ko dai ya zamo mai yawan gaske da ka iya lalata amfanin gona, ko kuma yayi karanci wand aba zai ishi yabanya ba, abu ya zama kila- wa kala musamman idan zamuyi shuka muna dar-dar da irin yanayin

SALISU Kinga ko hakan zai yi mutukar shafar yalwar amfanin gona da za'a iya samu.

RABI Maganar ka dutse, hakika haka abun yake kaga yanzu fa irin yabanyar dake samar da dinbin amfanin gona da kyar suke kai labara, sannan kuma kwari da tsutsotsi sai karuwa suke suna damun yabanya sabida wannan canjin

na yanayi.

SALISU Hakane Rabi, kuma na lura yanyin zafi ma fa karuwa yake.

RABI Kwarai da gaske kuwa, zafi yana nema ya gagari kundila, kuma ka ga yabanya irin ta masara, da shinkafa suna da irin adadin zafin da zafin da suke rayuwa dashi a lokacin da yabanyarsu ke girma, idan aka samu akasi sai kaga ba'a sami komi ba a noman masara ko shinkafa sabida yanayin zafi.

SALIS Shin irin wannan idan yana faruwa akwai wata hanya na kaucewa yanayin don gudun asara ko ince mafita ?

RABI Hkika mun fara gwada shuka wadansu iri wadanda zafi baya musu lahani , wadanna irin suna nan daban-daban ,Amma fa suna da tsada a gidan gona ba kamar wadanda muka saba siye ba ,haka kuma zai kasance akwai dan kalubale wajen fara amfani da irin wannan ga kananan manoma irina.

Salis. Abin takaici a nan shine wadanda ke taimakawa wajen ganin cewa yanayi ya daidaita su suke shan wahalar

Interlude wakar noma

Rabi batun ruwa fa ?, shin ya kuke tattala ruwa don aikin noma?

RABI. Gaskiya fa karancin ruwa ya fara zama abin damuwa, ka ga dai rafika da kogi ke samar da isashhen ruwa a ko da yaushe sai bushewa suke musamman a wannan shekarar.

SALIS Subahanallahi Allah gamu gareka …. Barawo a hannun mata canjin yanayi irin wannan na saukar ruwan sama na shafar dabbobi suma ko Rabi?

Rabi Fadi ka kara Salis wannan haka yake .

Salis Wannan irin yanayifa ana toshe wannan matsala ne wata matsalar na kunno kai a harkar noma, wadanda kuma fa hakan na shafar rayuwar muu mutuka da samar da abinci ga al'umma.

Shin kinga wata gwamnati a wani mataki na kokarin kawo dauki a wannan lamarin kuwa ?

RABI akwai tsare – tsare da gwamnati tayi, amma, a gaskiyar lamari suna kawai dan ba'a aiwatar da su ba, Muna so mu gani a zahiri abinda gwamnati ka iya yi misai yana da kyau gwamnati ta bawa manoma horo na musamman kan dumamar yanay, da dabarun aikin gona na zamani ta yanda zasu amfana ga noma na kimiyya da fasaha.

SALIS lallai a zahiri yake hakkin magance matsalar dumamar yanayi ya rataya a wuyan kowa, don haka yana bukatar hanyoyin magance shi da dama, don

samun yiwuwar aikin gona mai dorewa sannan da samun kyawawan tsare-tsare na tattalin ruwa don taimakawa kananan manoma, sannan dole a wayarwa mutane kai akan rage

EISODE TWO

MERO Iyabo kwana biyu kamar bakya kauyen nan, shin ya canjin yanayi ke shafar rayuwarku ta fannin tsaftar muhalli da samun ruwan sa me tsafta?

Kinga dai rafika a yan shekarun nan bushewa suke, idan ruwan sama ya zo kuma a samu ambaliya wanda kan gurbata ruwan rijiya da sauransu, shin ya kuke yi?

IYABO Toh! Alhmadulillahi, amma gaskiya muna shan wahala, ba sauki don sai mun je wurare mai nisa a kafa muke samun ruwan sha, kuma ruwan ba kyau mutum ya sha.

MERO Wato bama karancin ruwa ne kadai matsalar kuba hada matsalar ruwa marar tsafta kenan?

IYABO Sosai kuwa kinga sabida canjin yanayi duk hanyoyin samun ruwan mu basa Samar mana da ruwan, kuma rijiyoyin mu duk sun kafe, rafi sun bushe, sannan muhallin mu ya gurbace wannan bala'I ne fa

MERO Akwai wani abu da kuke yi ne kawo yanzu don shawo Kan matsalar lamarin da kuma samun saukin tafiya da wannan yanayi?

IYABO muna kokarin yin haka ta hanyar ajiye tankuna da manyan randar Tara ruwa don Tara ruwan Sama, amma kudin sayen wadannan abubuwa fa da kulawa da su sun fi karfin mutane da yawa a wannan kauyen.

MERO Da alama kuna da bukatar taimakon gwamnati da kasashen ketare don showo Kan wannan matsala.

IYABO Wannan haka yake, muna bukatar kudi da kwararru a fannin tsafatace ruwa da kuma muhalli Wanda shima wani matsalar ne mai zaman kansh.

MERO Wadansu kalu-bale kuke fuskanta ta bangaren tsaftace muhalli?

IYABO Kinga dai sabida karancin ruwa ko'ina bola ta cika, masai ma sun cika idan akayi ruwan sama sosai duk za su bi hanyoyin ruwan da muke sha su gurbata su wanda hakan ke haifar da ciwon Kwalara.

Muna bukatar sabon tsari da zai magance wannan lamari

MERO Lalle wannan Babbar matsala ce, Akwai wani abu da gwamnati ke yi kuwa?

IYABO Toh! Gwamnati ta fara wani abu amma ba ta da tsari mai kyau, Muna so a magance wannan matsaloli.

MERO Hakika kuna bukatar ayyukan sa kai, shin mutanen wannan kauyen sun san cewa duk wadannan matsaloli daga canjin yanayi ne?

IYABO Eh toh da yanmu dai neman abincin da zamu ci yau da gobe kawai muuka sanya gaba dan mu rayu, muna bukatar ilimin abin a wayar mana da kai don sanin cewa muke haddasa canjin yanayi da gurbata muhalli.

MERO Gaskiya ne, matsalar canjin yanayi duk duniya ne, amma dole ne muyi wani abu don magance wannan matsala musamman a irin wannan kauyen Naku.

IYABO Hmm Kalamanki sun faranta min rai Mero na sami karfin gwuiwa cewa zamu sami mafita da taimakon mutane irin Ki

MERO Zamu hada karfi da kafe domin wayarwa da mutane kai kan abubuwan da muke yi da ke haifar da canjin yanayi da guratar muhalli, sannan da hanyoyin samun mafita.

EPISODE THREE

SANI Jamila ko kin lura da yanda yanayin damina ya canja gaba daya a yan shekarun nan?, shekarun baya mukanyi has ashen saukar ruwa da kuma sauransu, amma yanzu sai yadda ka ga ruwa kawai.

JAMILA Wanna n gaskiya ne Sani, canjin yanayi ya riskemu dole mu nemi hayoyin rayuwa a cikinsa. Kasan iyaye da kakanninmu suna da ilimin yanayi irin namu na gargajiya kuma haka suka rayu ba tare da wata matsala ba.

SANI Kika ce ilimin yanayi irin namu na gargajiya ? Dan karamin haske mana.

JAMILA Kwarai da gaske kuwa, ilimin namu na gargajiya iliimine na baiwa da basira da Allah ya baiwa iyaye da kakanninm, muna lakantar yanayin damina, rani, bazara da yanayyin hunturu da sauransu. Sannan kuma a wadannan lokutan sun san yanayin da zasu yi shuka, cirbe da girbi da kuma sauuransu.

SANI Toh amma yanzu da aka sami ci gaba irin na kmiyyya da fasaha irin wannan ilimin nasu na tasiri kuwa ?

JAMIILA Kwairai kuwa ! kakaninmu basu a na’urori irin na kimiyya da fasaha amma sabida baiwa da Allah yayi musu da kuma bin yanayi sau da kafa ya sanaya suka san ko wani irin yanayi da riga kafi idan suka hango wani bala’I irin na ambaiya ko kamfar ruwa.

SANI **I**allai wannan baiwa ce daga Allah, to ya kke gani za’a yi don tabbatar da kasancewar wannan ilimi na gargajiya ba tare da ya bace ba

JAMILA gaskiya wannan wani kalubale ne, amma dole ne muu diinga kasancewa tare da manyan mu muna koyon wadannan abubawa daga gare su muma mu koyawa yaran mu da jikoki.

JAMILA A nan zan iya cewa da farko noman abubuwa daban-daban irin wadanda iyaye da kakanni keyi a da can hakan na maganiin yanayi irin wanda ya daburce wanda ba'a iya hasashenshi

SANI **N**a jinjina miki, ta ya za'a iya janyo hankalin matasa don su rungumi wannan ilimin sannan su rinka amfani da shi?

JAMILA Ilimi ko wane iri ne yana da mutukar amfani, kamata yayi makarntu su sanya irin wannan ilimi a manhajarsu a dinga koyawa matasa, sai taruka na kara wa juna sani da sauransu.

SANI Hakika ilimi gishirin zaman duniya ne, kina gay a dace gwamnati ta sanya ilimi gargajita irin wannan a cikin tsare-tsarenta ?

JAMILA Kwarai kuwa, yana da kyau gwamnati ta dauki ilimi irin wannan ta sanya cikin tsare-tsarenta wannan mai martaba ala'dun mu ne.

SANI Lokaci yayi da zamu rungumi ilimin gargajya na yanayi domin samun ci gaba

JAMILA Naji dadin wannan tatttaunawa ta mu lokaci yayi da zamu hada hannu don magance matsalar canjin yanayi da ke damiun mu

EPISODE FOUR

RABI Yanzu dai kam a zahiri yake yanayi ya canja ruwan sama baya sauka yadda akka saba gani a shekarun baya, wanda hakan na yi wa harkar noma illa da rayuwar mu.

JAMILA Wannan haka yake, kuma abu ne wand aba zamuyi wasa da shi ba. Iyaye da kakanninmu allah yah ore ma su ilimin lakantar yanayi ko wane iri, kuma duk yanda ya canja suna da basira da ilimin tafiyar dashi.

RABI Ilimin gargajiya na yanayi da muhalli kika ce fa, kamar yaya karamin haske kan batun mana.

JAMILA Kwarai kuwa, Allah ya baiwa tsaffin mu baiwar sanin yanayi dabn-daban, sun lakanci yanda kasar noma take, da halayyar dabbobi da tsirrai da sauransu, wannan ilimi da suke da shi yana mutukar taimaka musu a harakar noma .

RABI Lallai wannan abin mamaki ne kuma abin sha'awa, to amma a wannan zamanin na kimiyya da fasaha wannan ilimi nasu zai yi tasiri kuwa?

JAMILA Kwarai da gaske kuwa zai yi tasiri fiye da yadda kike tsaammani, su kam bsu da na'urori amma suna da basira ba kadan ba, a don haka akwai abubuwan da zamu koya daga garesu.

RABI Hakika na gamsu , to amma ta yaya zamu tabbbatar dda cewa wannan iliimi nasuu bai bace ba bat daga doron kasa ba?

JAMILA Wannan tamabaya ce mai ma'ana da muhimmanci, dole ne mu dinga kasanacewa da manyan mu tsaffi a ko da yaushe, kuma mu dinga koya daga garesu, idan ma ya kama a dinga yin bidiyyon dinsu ana adanawa .

RABI Jamila ta yaya kike ganin cewa ilimin gargajiya na iyaye da kakanni akan yanayi da muhalli zai iya maganin canjin yanayi

JAMILA Ki fara duba yanda kakanninmu a da can ke samar da wuraren adana ruwa da damina don amfani da shi wajen noman rani ko kuma lokacin kamfan ruwa, kinga yin haka ai tattalin ruwa ne don magance matsalar yanayi saukar ruwan sama.

RABI Kai lallai wannan batun naki gaskiya ne, to amma ya zamu janyo hankulan matasa don su fahimci muhimmancin wannan ilimi na iyaye da kakanni?

JAMILA Ilimi dai gishiri zaman duniya ne, yana da kyau makarantn ilimi su sanya wannan a cikin manhajar karatunsu don karantar da matasan mu, sannan da shirya tarukan kara wa juna sani da wuraren sha'ani da sauransu.

RABI Masha Allah, shin kina gani akwai bukatar shigar da wannan muhimmin ilimi a cikin tsare-tsaren gwamnati don aiwatarwa?

JAMILA Sosaima kuwa yana da kyau a sanya ilimin iyaye da kakannimu na gargajiya a cikin sabbin tsare –tsare don nunawa matasa darajarsa da amfaninsa.

RABI Jamila ko shakka babu kin wayar min da kai, sannan na fahimcin cewa ilimin gargajiya akan yanayi na iyaye da kakanninmu zai yi tasiri mutuka wajen magance matsalar canjin yanayi

JAMILA Idan har muka darajar iriin rayuwar tsaffinmu na baya da irin baiwar da allah ya basu zamu maganin matsalolin nan.

RABI Gaskiya na karu sosai

JAMILA Naji dadin fahimtar cewa kin koyi wani abu a yau, kuma kinga zamu iya gauraya ilimin kakanninmu da na zamani mu nuna wa duniya cewa muu kaifi biyu ne, kuma zamu iya dogaro da kanmu a nan gaba

EPISODE FIVE

SALIS Shin kin lura da irin yanayin da muke ciki a halin yanzu wanda aba ma iya gane lokacin saukar ruwa da zuwan sanyi ko zafi da sauransu? Abin fa sai kara rikicewa yakeyi don yana da mutukar wahala mutum ya iya has ashen yanayi kamar yanda muka saba yi a shekarun baya.

RABI Wannan haka yake salis kuma kaga chanjin yanyin da aka samu yana iya yiwa muhallinmu illa da mu kanmu gaba daya , amma fa kasan cewa iyaye da kakanni na da baiwar sanin yanda yanayi ke juyawa yadda su kan chanja idan yanayi ya chanja allah ya basu ilimin abin.

SALIS Kina nufin ilimin hasashen yanayi na gargajiya da iyayenmu ke amfani da shi? Ina yawan jin wannan fad an Allah kara min bayani akan irin wannan baiwar da Allah yayi musu

RABI Babu shakka allah ya yiwa iyaye da kakannimu baiwar sanin yanayi ko wani iri, suna bin yanayi sau da kafa, sannan suna amfani da shi yanda ya kamata.

Sun san yanda kasar noma ta ke,da ruwa da yabanya ko wace iri a haka suka rayu na tsawon lokaci.

SALIS Kai lalle suna da basira, to amma ba kya ganin cewa zuwan kimiyya da fasaha da Nau'rorin zamani irin nasu ilimin zai zama tsohon yayi har ma ya bace bat?

RABI Ko kadan, ni zan iya ce maka ma wannan ilimin sauyin yanayin wanda kakaninmu suke da shi yafi tasiri, sabida duk yanda yanayi ya chanja masu su kuma su na da yadda suke bullo masa don tafiya dai-dai da yanayin a tare da wata matsala ba. Kaga sukan tanadi wuraren adana ruwa a lokacin damina da zarar an sami karancin ruwa na wani lokaci sai su yi amfani da ruwan da suka tara a gona ga yabanyar da ba ta jure zafi da rahin ruwa.

SALI Kai amma fan a karu da wannan da wannan bayani naki, amma abin tambya a nan shine, ya kike ganin zamu iya kula da wannan ilimin na kakanninmu harma yara da jikokin mu su amfana da shi ?

RABI Yin aiki tare na da muhimmanci ga al'ummar gari, sannan a girmama al'adunmu na gargajiya.

Bayan haka a sanya wannan ilimi a cikin tsare- tsaren mu na kasa kuma a aiwatar da su, idan aka yi haka har maganin chanjin yanayin da muke fama da shi za'ayi

SALIS Naji dadin wannan bayanu naki Rabi, shin rabi akwai wani misali na inda irin wannan ilimi na kakaninmu yayi tasiri ?

RABI Ga misali nan kana gani karara na gandun dazuzzuka da muke da su inda suka dasa itatuwa. Don maganin yanayi na iska wadanda kuma ke iya tsotse sinadarin carbon dioxide kuma ya rage illar chanjin yanayi

SALIS Rabi ta ya za mu wayar wa da jama'a kai akan muhimmanci wannan baiwa na yanayi da Allah yayiwa kakanin mu?

RABI Ilimi d ai gishiri zaman duniya, ya kamata mu hada hannu ne da makarantun da ke cikin garuruwan, mu da majalissun mu sannan a sanya wannan ilimi cikin manhajar makarantun don koyar da yaranmu.

SALIS Gaskiya na hango mafita cikin wannan lamari amma sai mun chanja irin tunaninmu ko bah aka ba?

RABI Wannan haka yake, kawai sai mun yarda da cewa kakannin mu sun yi amfani da dukkan yanayin da ya riskesu kuma sun gama lafiya ba tare dda wasuu matsaloli ba

SALIS Na gode mutuka da wannan haske da kika karamin, na sami kwarin gwuiwa.

RABI Ba komi salis, za mu gudu tare mu tsira tare kan wannan lamarin, kuma zamu hada ilimiin zamani da na iyaye da kakannin mu don magance matsalolin chanjin yanayi da tsaftataccen muhalli kona gawayi a fadin duniya.

RABI Hmm hakika wannan gaskiya ne

SALIS Wannan aikin ne babba, amma, tattaunawa irin wannan, yana karami kwarin gwuiwar cewa zamu iya samun chanji duk da irin kalubalen da ke tunkarar mu daban-daban

EPISODE SIX

SALIs Jama'a barakanmu da warhaka, ina ma kowa barka da zuwa da halartar wannan wuri. A yau ina so mu tattauna akan yadda gurbatar yanayi da muhalli da yadda zamu magance lamarin ta hanyar dawo da kimar muhallinmu da yanayi

RABI gaskiya ne Salis hakika ya kamata musan yanda gurbacewar yanayi ke yimin Allah da muhallinmu sannan da sanin cewa lallai hakika gurbacewar muhallin mu na yi mana illa kuma mu ke taimakawa da wani kaso wajen gurbata muhalli da yanayin mu wato (CLIMATE JUSTICE).

SHEHU Wannan haka yake Rabi, yakamata mu fahimci haka sannan mu san ta yadda zamu bullowa lamarin don magance illar gurbacewar yanayi da muhallin mu ta hanyar amfani da sabbin dabarun hanyoyin samun haske da makamashi wato renewable energy

JAMILA Na yarda da wannan batun naka shehu komawa ga samun hasken wuta ta amfani da hasken rana wato Solar da amfani da iska, da ruwa zai rage dumamar yanayi sosai wanda shi ke haifar da chanjin yanayi

SALIS To amma fa yakamata mu duba yanayin yanda tsadar abin yake idan muka ce muna so mu dinga samun hasken wuta da maka mashi ta wadannan sabbiin tsarin,shin ta yaya talaka zai mallaki wannan sabon hanya wato renewable energy ba tare da aljihunsa ya koka ba wannan shine abin tambaya.

RABI Gaskiya da wannan dan wannan fa, indai ana bukatar haka to fa sai anyi wa talaka tallafi, na samun wadannan abubuwa sannana a tsari me kyau ga masu karamin karfi ta yadda zasu iya sa kudi su siya duk wani abu da zai taimaka don samun hasken lantarki da maka mashi a kudi mai rahusa

SHEHU Ance dai me daki shi yasan inda yake masa yoyo, Mutanen gari su zamo masu zama su tattauna matsalolinsu sannan su yanke shawarar abin da zai taimakesu,wanda hakan zai sanya su samar da wuraren da mutane zasuyi aiki da sauransu

JAMILA Samar da hasken lantarki ta hanyar hasken rana hanyace me dorewa yakan dade duk da cewa da farko akwai kasha kudi, amma yafi dayan hanyar samar da haske ta hanyar man fetur

SALIS Wannan haka yake Jamila, to yaya duniya ke kallon wannan sabon hanya ta samar da hasken lantarki, sannan ta yaya zai rage dumamar yanayi da muhallin mu?

RABI A gaskiya wannan hanya na rage yawan zafi ta hanyar rashin haifar da gas idan ka kwatanta ta hanyar amfani da man fetur wanda ke haifar da zafi

SHEHU Ai bama wannan kawai ba komawa ga sabon tsarin yana rage gurbacewar iska wanda ke cutaway lafiyar mu

JAMILA Kuma hasken solar da na iska na dadewa sosai ba kamar na'urar generator ba da sauransu

SALIS Yanzu dai a zahiri yake hanyoyin samar da hasken lantarki da maka mashi na zamani sune mfita ga dumamar yanayi, amma ta yaya ta yaya zamu magance kalubalen da ke tattare da komawa ga wannan sabon hanyar?

RABI Shi dai kawata gari abu ne mai kyau yakamata gwamnati da kamfanoni masu zaman kansu su koma ga wannan hanyar da samar da wuraren dake chaza abubuwan da ke amfani da wutar lantarki, sa'annan su rarraba wadannan kaya ga Al'umma.

SALIS Hada kai da kasashen ketare da suka ci gaba zai taimaka kwarai wajen smun tallafi da koyar da mutane yadda abin yake

EPISODE SEVEN

SALIS Lale marhabin ina yiwa kowa barka da zuwa wannan wuri don tattauna muhimman batutuwan da suka damemu musamman dumamar yanayi da sauransu. Sunana Salis kwararre a bangaren muhalli, zan kasance tare da ku a wannan tattaunawa allah yaasa mu kasanace tare da ku a wannan tattaunawa, Allah yasa mu kammala lafiya.

RABI Jama'a barkanmu da warhaka sunana Rabi yar gwagawarmayar samarwa mutane sauki, Da farko dai dumamar alkarya shine zafi ko dumi da birni ko alakarya ke dauka wanda yafi na kauyuka da ke zagaye da shi sabida hada-hadar arayuwa da yawan mutane da ke cikin birane da gine-gine da ababan hawa da sauransu.

Irin wadannan birane babu shuke-shuke na itatuwa, lambuna ko dazuka wanda hakan ke shafar mutane ta fannin kiwon lafiya.

SHEHU Haka ne Rabi, A matsayina na kwararre ta fannin tsara birane kankare da dakali irin na tsakiya da gefen tituna na daukar zafi kuma su dumama gari wanda hakan na kara mizanin zafi

JAMILA Ina yi wa kowa lale marhabin, sunana Jamila mazauniyar wannan gari na lura dda cewa makwabtanmu bassu da itatuwa , ba su da wuraren shakatawa wato (park). Ya suke ji lokacin zafi?

Sannan ya shuke-shuke da tsirrai ke taimakawa wajen rage zafi?

SALIS Wannan tambaya ce me muhimmanci,hakika itatuwa da tsirrai da wuraren shakatawa da ke cike da shukar fulawoyi da ciyayi da itatuwa suna taimakawa sosai wajen rage zafi a lokacin zafi, suna bada lafiyayyar iska kenan.

Dole ne mu tabbabtar da cewa ko ina ya kasance green wato kore don sanyaya wuri da kuma samun iska mai kyau.

RABI Wannan haka yake, in ji Bature ya ce Climate Justice wanda ya kamata a ce ko ina ya kasance kore wato ya kasance da itatuwa fulawoyi da sauransu, ba tare da duba irin arzikinsu ba ko kabilar sub a.

SHEHU Rabi wannan batu haka yake a matsayina kwararre a fannin tsara birane, akwai yiwuwar mu yi aiki kafada -da kafada don sanin bukatunsu.

JAMILA Ina son wannan batun na shuka itatuwa da yin wuraren shakatawa me cike da shuke-shuke. Amma ta yaya zamu sami kudin yin wannan aikin?

SALIS Gaskiya kudi ne muhimmi a cikin wannan batu

JAMILA Akwai hanyoyin samun kudi, gwamnati zata iya yin Budget din wannan wato kasafi don a samar da wannan, sannan mutane su goyi bayan kawo wannan sabon hanyar kawo wutar lantarki sai kuma hukumomi masu zaman kansu suma za su iya bada rancen kudade.

RABI Sannan fa kada a manta cewa gina wuraren shakatawa da sauransu zai samar da guraben ayyuka ga matasa, kun ga ko haka zai taimakawa muhallinmu da tattalin arzikin mu.

SHEHU Bayan haka za'a dade ana morar irin wannan ci gaba na samar da muhalli irin na ko ina kore inda itatuwa suke da wuraren shakatawa, hakan kuma ba shakka zai rage shan AC wato na'urar sanyaya wuri wanda kan haifar da cututtuka da kuma zafi da ke fita na jikin Na'ura ya dumma yanayi. Kenan koren muhalli na samar da iska mai lafiya sosai

JAMILA Ta ya zamu tabbatar da cewa wannan sabon hanyar magance dumamar yanayi be yi wa mutanen da ya kamata su taimaka a cikin lamarin ill aba?

SALIS Da wannan don wannan, kin sosa min inda yake min kaikai, idan zaa yi irin wannan abu hakika akwai farashin kadarori na karuwa a don haka kwararru ta bangaren tsara birane da masu kawo sabbin tsare-tsare, dole

ne su tabbatar sun samar da gidajen haya da talakawa zasu iya biya sannan da kayyade kudaden haya da sauransu.

SHEHU Gaskiya zamu tabbatar da cewa talaka ya samu dukirin wadannan abubuwan more rayuwa ba sai masu hali ba kawai

EPISODE EIGHT

SALIS Ina mika godiya ta a gare ku duka na jajircewa don halartar dukkan tarukan da mu ke yi musamman wannan. Da haka nake muku lale marhabin barkan mu da sake saduwa.

Da farko dai kamar yadda kuka sani sunana Salis kwararre kuma massani a bangaren muhalli.

Zamu fara tattaunnawar ne yau da batun yadda dumamar yanayiya shafi kowa, kuma yau zamu duba yadda abin ke shafar mutanen da ke zaune kusa da gabar teku ne da manyan koguna.

Rabi ko zaki dan yi mana matashiya akan yadda kowa ya kamata ya zauna a wuajen da yake kore shar cike da itatuwa, da shike –shuken fulawa da tsirrai masu kyawon furanni?

RABI Kwarai kuwa Salis kaga dai kamar yadda Bature kan ce Climate Justice mu kuma mukan ce illa ga chanjin yanayi ko daumamar yanayi kanyi ga wadansu mutane wanda hakan kan sanya su rasa wadnsu ababen more rayuwa da tattalin arziki, kai har ma da siyasa da sauransu.

Irin wadannan mutane sun hada da mutanen da ke zaune a kusa da ruwa kogabar teku wadanda ke fuskantar barazanar ambaliyar ruwa. Da rasa rayuka, da rasa matsuguni, kamar yadda zamu tattauna mafita kan lamarin yanada kyau mu fahimci cewa mutanen da ke bada gudunmawa kasancewar dumamar yanayi ba su ke shan wahalar ba.

IRO Rabi duk naji maganar da kikayi, a matsayi na na me wakiltar wannan karamar hukuma. Muna sane da irin kalubalen da mazauna gabar ruwa suke fuskanta, sannan ina so in sanar da ku cewa za muyi dukkan mai yiwuwa insha Allahu don ganin cewa mu magance matsalarsu

RABI Ga wata can na daga hannu

SALIS Jamila Bisimillah, muna jinki

JAMIILA Ta yaya za a tabbatar da cewa anyi adalci a matakan da za'a dauka?

Sannan ya zamu aiwatar da dukkan tsarin abubuwan da muka kawo?

SALIS Wannan tambaya ce me muhimmanci. Da farko dai zai kasance kofar mu a bude take kuma za'a tafi tare da kowa wajen yanke dukkan wata shawara da za'a yi

Sai kuma hada hannu da za'a yi tsakanin masu ilimin kimiyya da shuwagabanni unguwann, sannan dole mu farfado fa harkar ilimi kuma mu tallafawa mutane ta hanyar sana'a.

RABI Sannan kuma kada a manta da muhimmancin yin abubawa da mutane nab akin ruwa ke bukata na more rayuwar yau da kullum, musamman abubuwan more rayuwa da kuma gaya wa mutane cikin lokacin yiwuwar faruwar ambaliya ko dumamar yanayi da yadda mutane zasu tafi da canjin yanayin.

IRO Rabi an gaisheki, wannan batun haka yake, duk da yake duk wadannan abubuwan na bukatar kudi ne to, amma muna yin dukkkan mai yiwuwa dom magance tororkon ruwan teku da ambaliyar ruwa da sauran matsalolin da ake samu a garuruwan dake dab da gabar teku

RABI Wannan yayi kyau, muun gode. To wadanda ba za su iya jure tafiya da yanayi b aka iya yin kaura su bar wajen? Kasan dai ba zamu barsu a bay aba

SALIS Irin wadannan mutane za mu yi kokarin sama masu aiki ne da wuraren zama a wadanda zasu iya biya sannan da wadansu ababen more rayuwa.

EPISODE NINE

SALIS Ina yiwa kowa barka da zuwa wannan wuri don mu tattauna, lale marhabin. Da farko dai sunana Salis kwararre a bangaren muhalli da kula da lafiya.

Ba tare da bata lokaci ba mu fara abin da ya tara mu a nan tunda Hassan ya riga ya bude taro da addu'a. Hassan ko zaka iya gaya mana wani abu game da dumamar yanayi ko chanjin yanayi da yadda yake shafar mutane ta fuskar kiwon lafiya?

HASSAN Kwarai kuwa, kaga dai da farko mun gane cewa wadansu mutane ko garuruwan mutane kan tagayyara bayan chanjin yanayi mai zafi, da ambaliyar ruwa ko karancin ruwa ko gurbatar iska da muke shaka ko kuma raba mutane da matsuguninsu shi Bature ke kira da "CLIMATE JUSTICE".

Idan aka sami dumamar yanayi ruwan sama ya sauka fiye da kima aka sami ambaliyar yakan gurbata ruwan sha da iska wanda hakan zai iya haifar da cututtuka da akan samu ta ruwa ko ta iska kai harda Vector borne disease da wadansu cututuka da dama. Ya kamata ayi gaggawar shawo kan wannan lamari.

JUMMAI Subahanallahi, gaskiya wannan abin damuwa be mutuka, a matsayina ina jin yanda lafiyar yara zata kasance a cikin irin wannan halin.

Ta yaya zamu iya tabbatar da cewar mutanen mu an shirya wa irin wanan bala'in da chanjin yanayi ke haifarwa kafin ya zo?

SALIS Wannan tambaya ce mai kyau Jummai, da farko dai malaman lafiya da tsaftar da tsaftar muhalli da ke rayuwa a wannan garin irin su Iyabo za su taimka sosai ta hanyar wayar wa mutane kai na yadda zasu tunkari wannan lamari da nuna musu yadda zasu yi wasu abubuwan da zasu taimaka.
